Matriarch is a personal menu inspired by Chef Justin's grandmother, Patricia.

She raised six children, and as that family kept on growing — so did her table. Year after year, certain dishes showed up at every family event without fail: shrimp salad, beef in her signature marinade with pilaf on the side, asparagus and a strawberry chiffon pie when the season was right. This is a menu built from those memories.

Patricia passed away in June 2025. We honor her with this menu and hope you enjoy it as you share this meal with the people you love.
