*Secret Garden is a personal menu inspired by,
and created in loving memory of,
our dear Aunty Judy.*

*An avid gardener, English literature teacher, and
theater enthusiast, Judy embodied the arts.
As an epicurean that same passion translated
into her kitchen.*

*This menu brings together dishes, flavors, and
ingredients that remind us of Judy. By sharing them, we
share part of her story and create space for new stories
around the table.*
